# Dedication

Officer Thorner even protects students from the power of the darkside... Darth Vader!

Wait a minute! Officer Thorner isn't a delivery man, what's he doing with that package?

At work, and out of uniform, can't he get a ticket for that?

A graduate from Marysville, Officer Thorner gives back to his community, what his community gave to him.

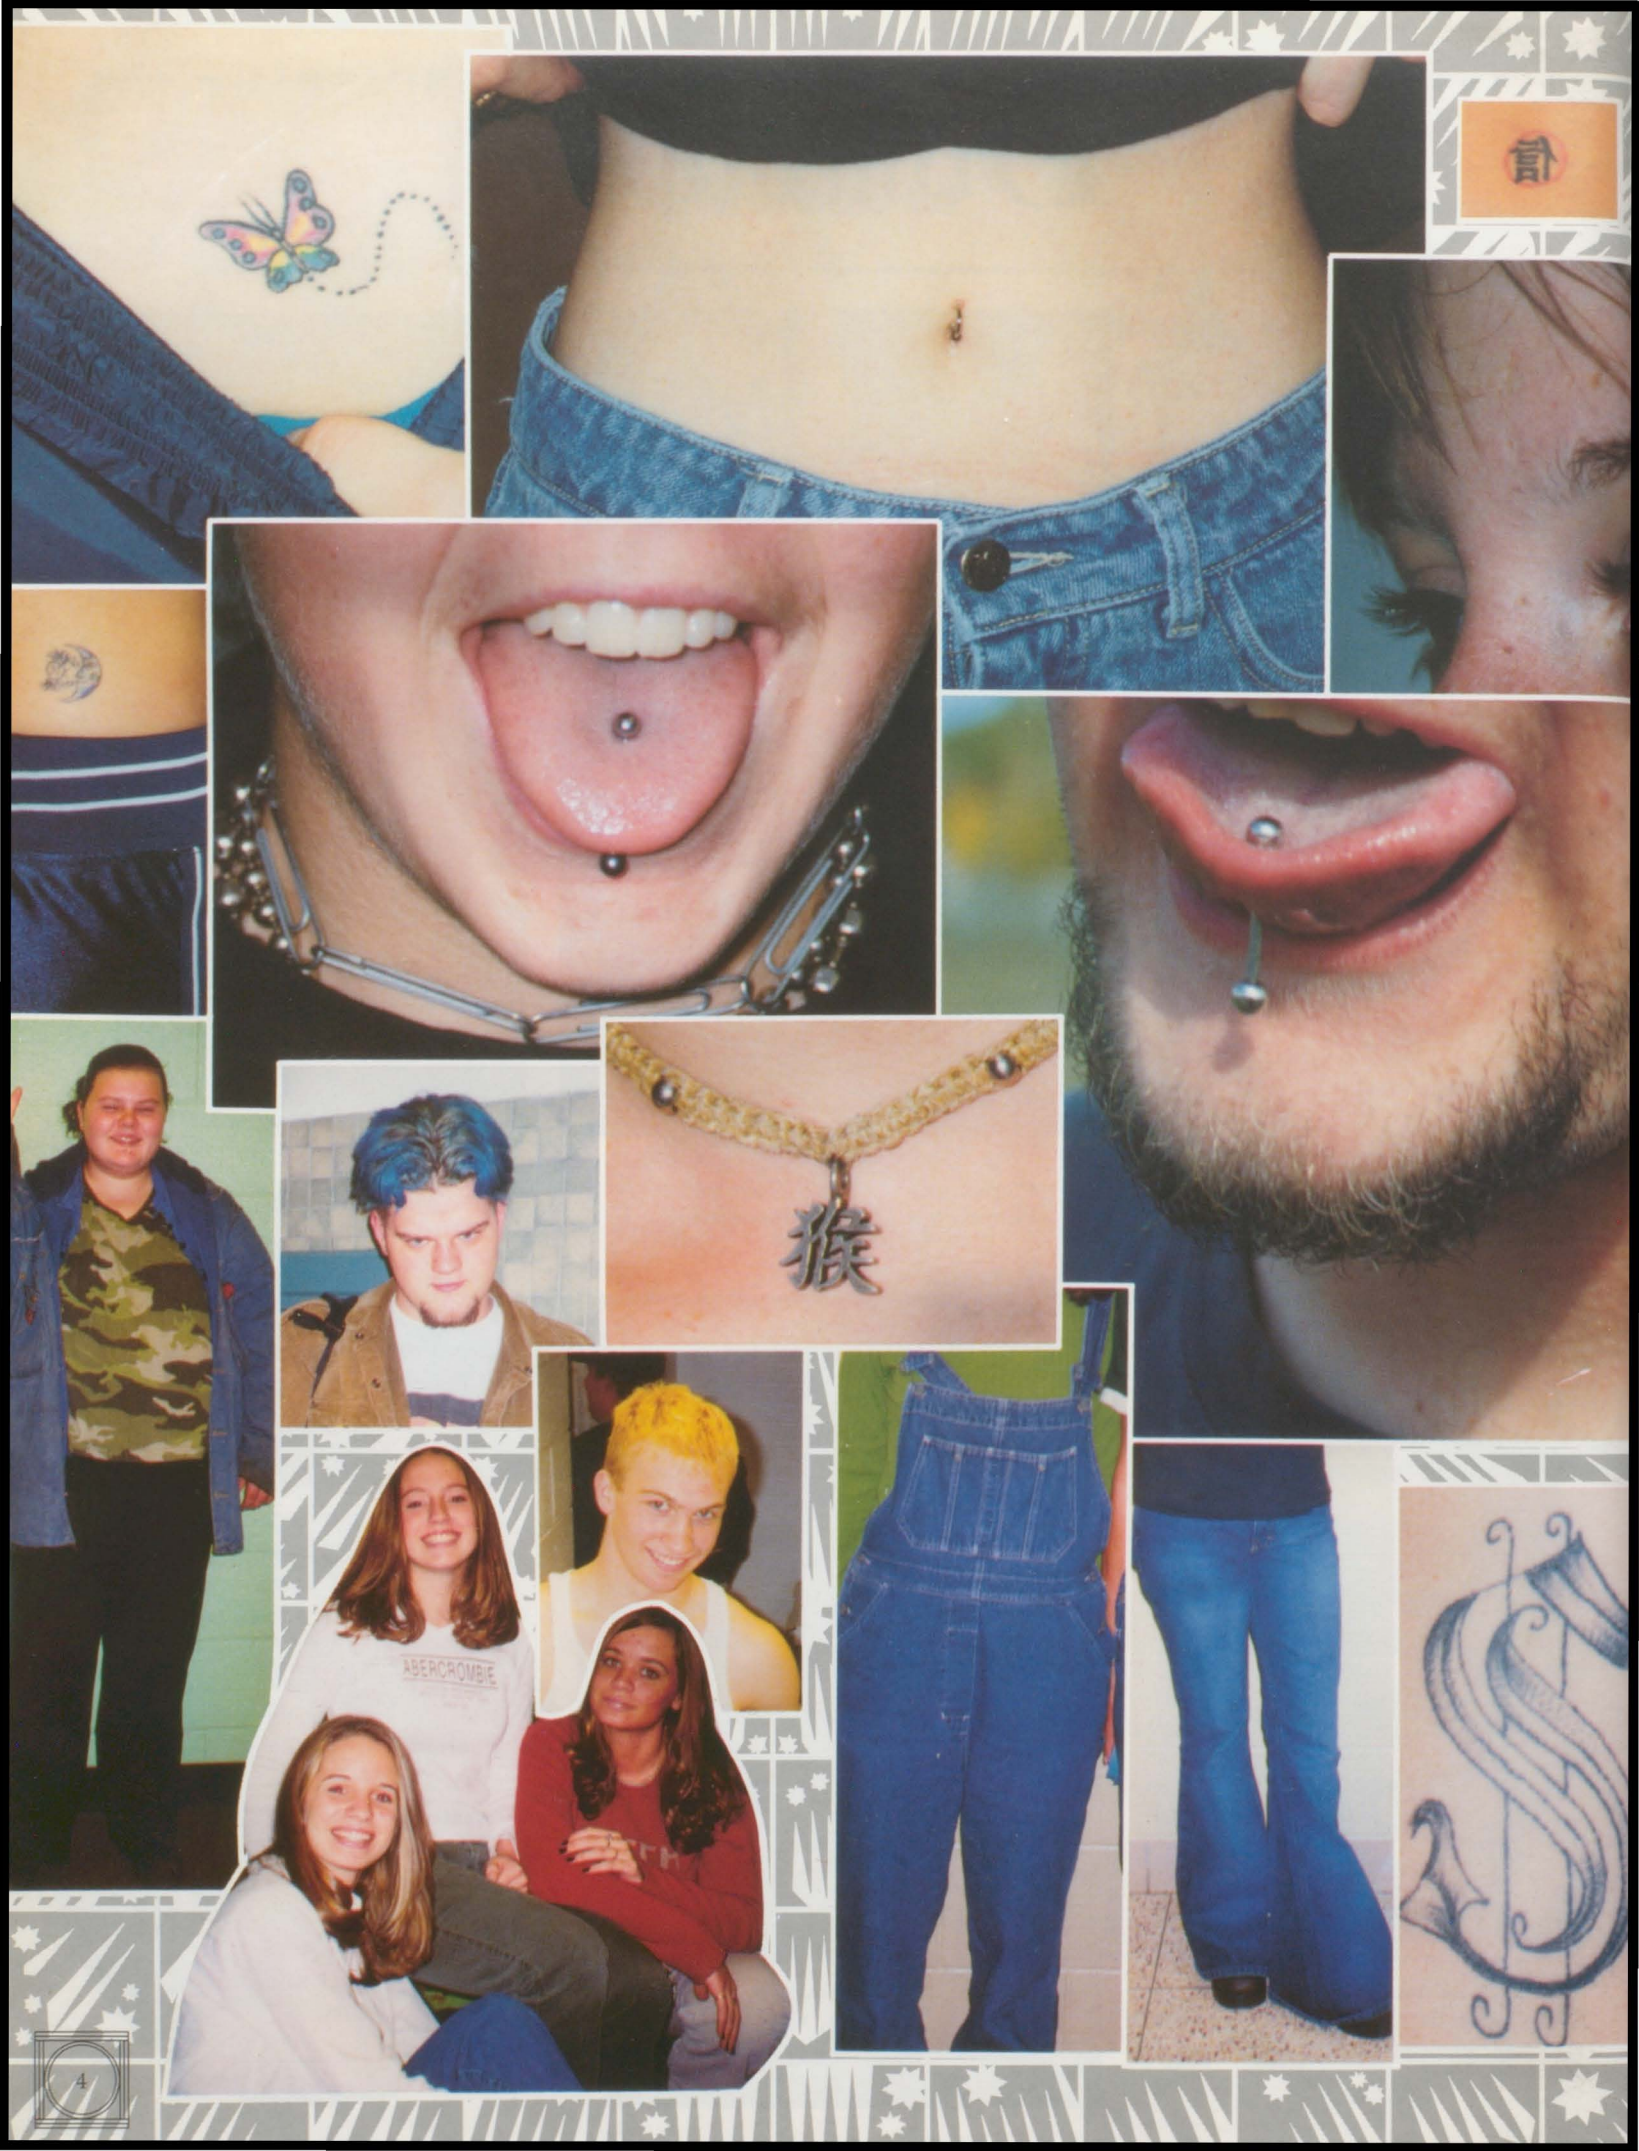

**D.A.R.E.**

To Resist Drugs  
And Violence

The 1999 Marysville *Viking* yearbook is dedicated to Sargeant Mark J. Thorner.

Officer Thorner joined the Marysville Police Department in 1979. He came to our school in 1987. Officer Thorner graduated from Marysville High School and came back for 10 years to be a D.A.R.E. officer and a liaison officer. Then, in 1997, he was promoted to assistant chief of police and had to turn over his duties at our school to Officer Cowhy. Although Sargeant Thorner is no longer working at Marysville High School, we can still see him around Marysville each day, helping us, and the rest of the community.

What's Fine in '99? We'll tell you what's fine in '99! This school year brought MHS a lot of really cool trends. Here are a few of the things you might see in the hallway. Some of these articles may be "cool", and others many couldn't imagine. Everyone's taste in style is different. From JNCO's to Abercrombie, from Hemp to "holes in your head". Each student expresses themselves in a most unique way making each and every style trendy!!

# STEERING COMMITTEE CLASS OFFICERS: ★1999★

Wow! Already we were seniors. It seemed like just a couple of months ago the steering committee was voting on our freshman float. Now we have decided on our class song, flower, motto, and colors. The steering committee's job was to represent the senior class when it came time to make our class decisions. They had done a wonderful job! The leaders of the class of 99' were Roula Papanagiotou, Jessica Letkiewicz, Brooke Barnum and Nichole Landschoot.

Two other magnificent leaders in the 1999 senior class were Kristina Schmitt and Scott Coaster. They were both very active in and out of school. Kristina Schmitt enjoyed extra-curricular activities like cheerleading, track, student council, steering committee, President of NHS, and band. Something Kristy was proud of is performing in her senior play. Her favorite class was composition with Mrs. Kiefer. Her words to the wise are, "Most people miss opportunity because it is dressed in overalls and looks like hardwork" (Thomas Edison).

## SALUTATORIAN

The Salutatorian was Scott Coaster. He enjoyed playing basketball, soccer, and tennis. Scott was also involved in student council, steering committee, his church youth group and NHS. His favorite class was accounting with Mr. Smith. His favorite teacher was Mrs. Kiefer. Words to the wise: "you are what you eat".

Even then Bryan Mc Shane and Jon Lindke were studs!

The Spice Girls (and a boy) dropped by to Trick or Treat- here's Cleopatra Spice, Sleepy Spice, Punk Spice, and Bum Spice.

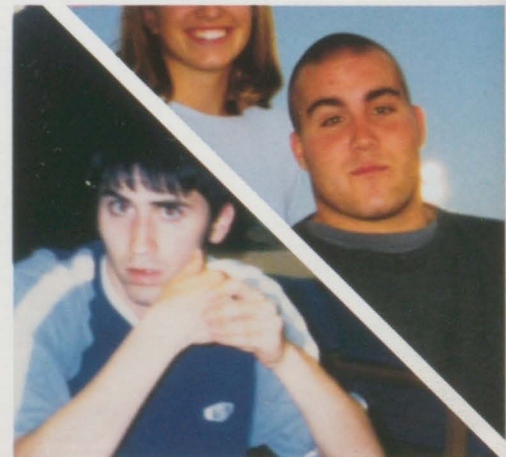

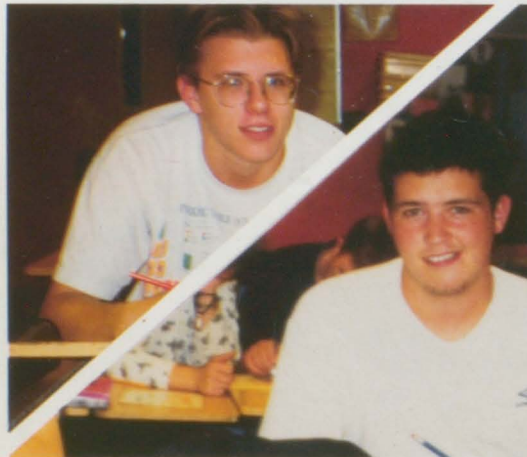

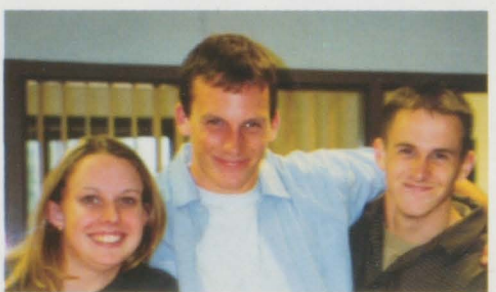

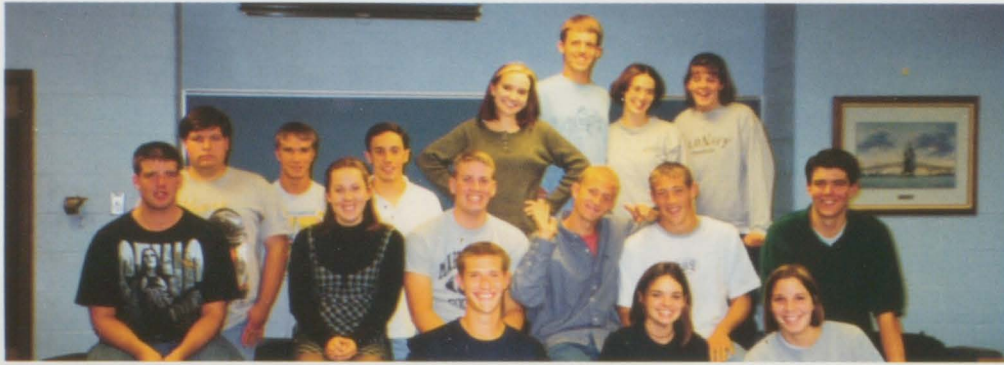

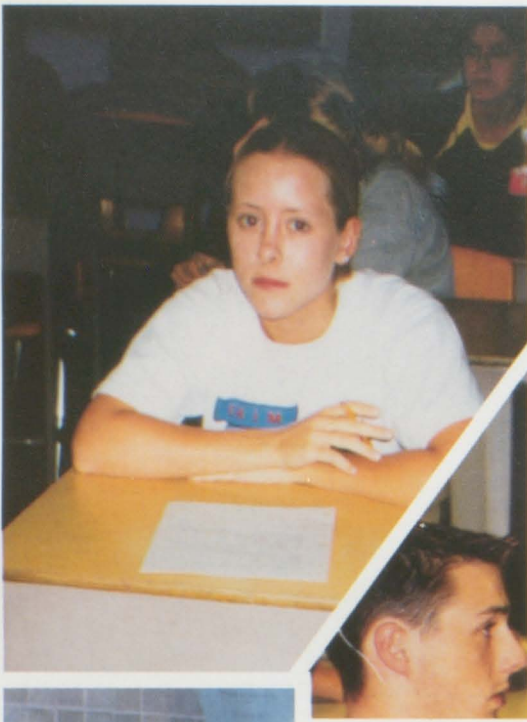

Above: "Look at what we did!" Mrs. Steele's 5th grade class smiles as they proudly show off their trophies and ribbons.  
Right: We ruled the Junior High, and now we are the top at the high school. Soon it will all be over as was this day, the last day of 8th grade.

## *Class Song* *Time In a Bottle* *By: Jim Croce*

*If I could save time in a bottle I would  
The first thing that I'd like to do  
Is to save every day till eternity passes away  
Just to spend them with you  
If I could make days last forever  
If words could make wishes come true  
I'd save every day like a treasure and then  
again I would spend them with you*

# Class Motto

By: Melissa Ward

*All we are is what we think we are in our own minds  
We may mean something to someone else but that won't last for  
all of time*

*We think we are what seems to be seen in other people's eyes  
But what it seems that other people see only reflects on lies*

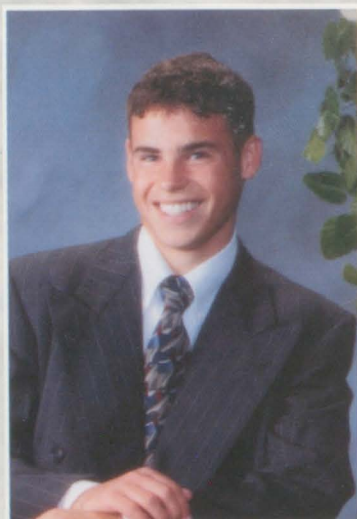

*But there never seems to be enough time  
to do the things we wanna do once you find them  
I looked around enough to know  
That you're the one I want to go through time with  
If I had a box just for wishes  
And dreams that had never come true  
The box would be empty except for the memory  
Of how they were answered by you*

*But there never seems to be enough time  
To do the things we wanna do once we  
find them  
I looked around enough to know  
That your the one I want to go through  
time with.*

## Equipment

Figure it out for yourself, my lad  
You've all that the greatest of men  
have had,  
Two arms, two hands, two legs,  
two eyes  
And a brain to use if you would be  
wise.  
With this equipment they all began,  
So start for the top and say, "I can."

Look them over, the wise and great,  
They take their food from a  
common plate,  
And similar knives and forks they  
use,  
With similar laces they tie their  
shoes,  
The world considers them brave  
and smart,  
But you've all they had when they  
made their start.

You can triumph and come to skill,  
You can be great if you only will.  
You're well equipped for what  
fight you choose,  
You have legs and arms and a  
brain to use,  
And the man who has risen great  
deeds to do  
Began his life with you.

You are the handicap you must face  
You are the one who must choose  
your place,  
You must stay where you want to go,  
How much you will study the truth  
to know.  
God has equipped you for life, but He  
lets you decide what you want to be.

Courage must come from the soul within,  
The man must furnish the will to win.  
So figure it out for yourself, my lad.  
You were born with all that the great  
have had,  
With your equipment they all began  
Get hold of yourself, and say: "I can."

Junior year was the year of events. The MEAP test was one that no one looked forward to, it was the biggest test of the year. Many think it was a waste of time because it does not affect graduation but it can give you an idea of what you know. The one thing that most juniors looked forward to was the junior prom. Girls were paranoid of not being asked by a guy. Guys were acting macho about the whole thing. Acting as if they did not care, but everyone knew they were scared of rejection. This year mostly everyone could drive. Lunch was like a whole different world. If you walked into the cafeteria you wouldn't see very many juniors because they were out driving to McDonalds or somewhere.

The word "junior" is thought of as "younger in years or rank; the third year in high school." However, the junior class can sum it up in just two words "almost done." Surely not all juniors think in this manner. Some look forward to challenging state exams, Junior Prom, and getting ready for college or the working world.

"The class of the millennium has a nice ring to it," said Casey Carty. Some may consider it a privilege and some may consider it a pain. There are no two ways about it though, being the "Class of 2000" is going to be a challenge. Today's juniors will have society's pressure to become a leader or a follower in the working world of the years to come. Jobs that haven't been created and jobs that are going to be eliminated are just some of the obstacles the millennium class will have to overcome; or, the obstacles will have to overcome the "Class of the Millennium."

The Junior Steering Committee worked very hard this year. They did a lot of organizing such as: float building, concession stands, dances, and prom. They raised much money, which made our prom one that we will never forget! Mrs. Davis did a wonderful job as our class advisor. She kept the steering committee on task and they were able to make this year a great one.

# SOPHOMORES LEARN ABOUT LIFE

It is said that all you really need to learn about life is what you learn in kindergarten. As sophomores we found that our kindergarten education was the best; but, we hadn't learned how to experience life until we lived through our tenth grade year. From Science to Health, and from American History to English, this was the year that we realized that all our classes reflected our life and we learned through what we read. Thanks to those who continue to make us get up in the morning, and sit between those four walls--we were better prepared to enter the "real world".

Jon Strauchman, Tonia Raker, Kenny Brown, Pat Kimball, Sarah Matheny, Stacie Nolan, Jim McGuigan, Jennifer Gourlay, Andre Guyette, and Aaron Rolls participate as "twelve angry men" where they learn to determine right from wrong based on their experience and the given facts.

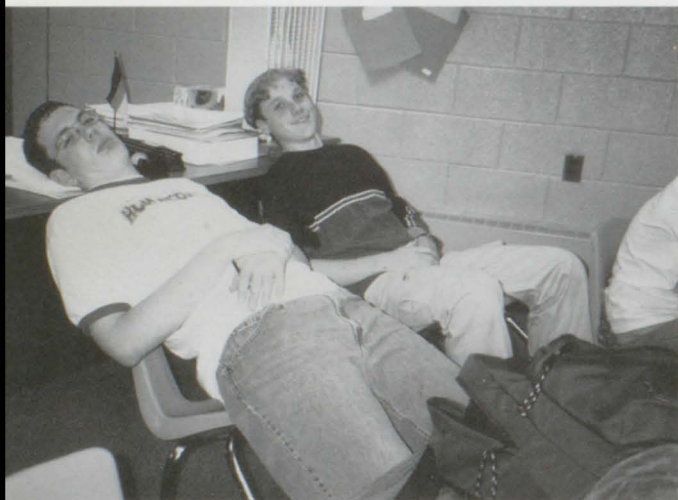

Left: Ross Williams and Patrick Watza practice "balancing" their time between classes and friends. Sophomores learn to balance their schedules, too!

Patty Jo Holowitz anxiously awaits the next article of clothing that Karen Conger will have to adorn.

Sean Horan believes that they never taught him to dress like this in kindergarten.

Sophomores have also learned how to manipulate the system!

### EXCUSES FOR SKIPPING!

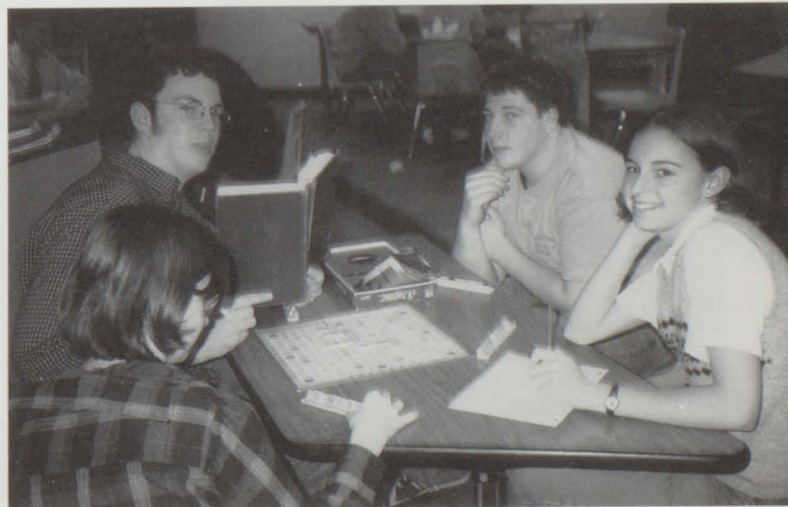

1. Be like "my bud".
2. Why skip when running is more productive?
3. Oh sorry, I forgot where my class was.
4. "Oops, was there class today?"
5. Blame it on peer pressure!

If Holly Whiting hides out in the bathroom long enough, maybe she'll avoid deciding about the next few years.

The word freshman: defined as, a beginner; novice. In plenty of ways the freshmen were beginners. The ninth graders were in a brand new school, experiencing brand new people, teachers, and classes. Most were unsure of the new environment, just testing the water and not venturing too far. New goals and new achievements yet to be reached, and accomplished. New minds with new ideas yet to be thought of. What the year has instore is unknown. What can be accomplished this year was what each freshman had to decide for themselves and only themselves. After making wise decisions, the path was set, goals were made and the rest was a breeze. Freshmen won't be freshmen for long.

New wasn't new for long. The freshmen have now swum the distance. They were no longer beginners. The novice are now experienced. The time gone by can never be regained. Each freshman set their own pathway and hopefully it was the right one. The path can always be changed but the mistakes from the wrong path can never change. Maybe be forgiven, but never changed. The upperclassmen have helped and guided the freshmen on this short, but treacherous journey. Those who have lived to tell of Freshmen Kill-Day, have lots to tell. Now, it's rightfully the job of freshmen to lead and guide new swimmers in this confusing new place. Good luck old freshmen.

Rub-a-dub-dub, Ryan Jones and Andy McCormick relax in the tub.

The class of 2002 proudly displayed Bert and Ernie on their float (Right) this homecoming. Eager freshmen gathered at the home of Jason Letkiewicz for a week of float building fun. Although they only received third place, this year's freshmen said it was well worth the effort.

Colleen Riley and Shelly McClellan show the guys who's boss.

These sophomore guys only have two words for you...

Although hard workers were scarce at Erin Davis's house this year, the sophomores pulled it together. The theme for the class of 2001 was "The Little Mermaid." When all of the votes were tallied, the sophomores walked away with fourth place. That's Ok sophomores, you still have two years to go!

This year's Junior float building was at Kasey Knuth's house. This made a fine hide-out from the other three classes. More people showed up for the food and drinks than to lend a helping hand. Football in Kasey's front yard seemed to be the favorite game to play. Had the juniors worked a little harder, they could've gotten first place instead of a second place win!

# The Peanut Gallery

BELOW: Dan, Kristen, Meghan, and Julie gather around what seems to be the beginning of a leg.

The seniors knew they were destined for first place. They also knew they would have to make the best float ever to do it. Snoopy was their victim. The seniors were a little bit cocky when they finished. They finished with time to spare. They constructed a doghouse with Snoopy on top. Charlie Brown and Woodstock were also along for the ride. The seniors were very pleased with their finished project, and also sad that it would be their last.

ABOVE: Eric Han and Ross Wienert make the new student, Charlie Brown, feel at home.

All through our high school years, students work hard to get good grades and a good education. Out of all the students in each class, there were a few that really stood out and excelled in academics. These students were recognized for their hard work and accomplishments on the night of the Academic Awards. Watch for these students' names in the future because they will be the doctors, lawyers, and names in the news of our generation!

## Buzzing in for the win in "99"

This year's Quiz Bowl team was a huge success. They excelled in their matches and worked very well as a team under the excellent leadership of the first year coach Mrs. Taylor. At the start of the year, the team was a little short of players, due to the fact that they lost quite a few helpful players from last year's team that were seniors and some others that didn't return. Through all that, the team set a goal to dedicate themselves to working harder than they ever have before. They reached that goal and pulled off a great year that they can be extremely proud of.

**Above:** A group of Quiz Bowlers wait anxiously for the match to start so they can begin buzzing in with their answers.

Students can obtain the training and skills needed for the future while still getting the credits they need to graduate, not to mention some extra spending money! Students must submit a portfolio of their high school achievements to illustrate leadership, teamwork, and social skills. Also, a special thank you to Mr. Smith for coordinating and placement of students in job opportunities.

The musical talent of these four ladies earned them a place in the spotlight for tonight's performance.

Choir can be fun too, just look at the smiles on these beautiful faces.

## 2 Much Talent for Just 1 Choir

The choir gathers for a quick rehearsal before going onstage.

Here Nathan, Chad & Al demonstrate the perfect singing posture (don't let Miss Becker catch you)!

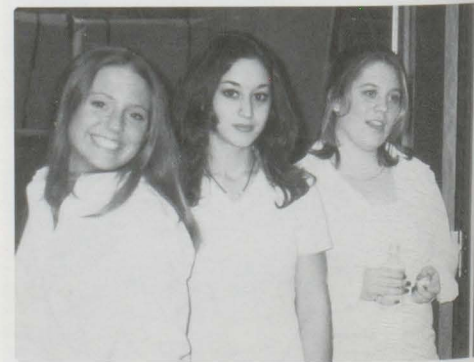

Miss Becker shows us her example of singing with emotion.

There were a lot of changes in the choir this year. They split up into two different groups: the mixed and women's choir. Both did an awesome job and accomplished a lot.

Christmas was a pretty busy time for the choir, they came around to different classrooms and showed off their excellent voices by singing Christmas carols. Along with their winter concert, they sang at the Christmas parade, and the Festival of Trees.

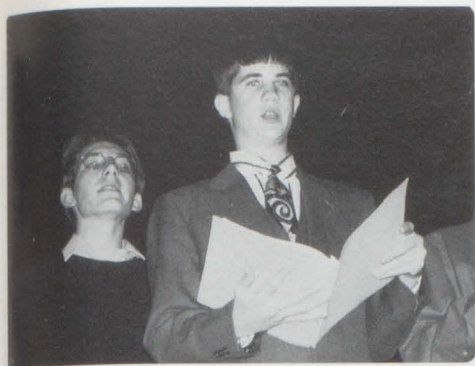

"Cheer up Crystal, it's not that bad" whispers Heather.

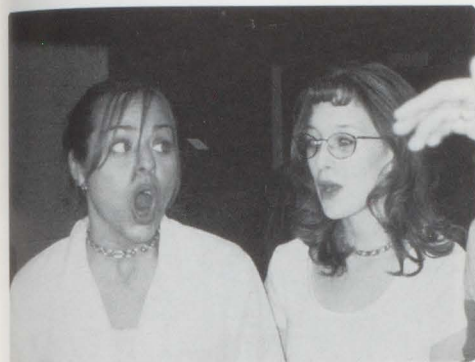

The three opinions of a choir concert; Carrie: Whoo-hooo! It's time to sing!  
Roseanne: Do I have to be here?  
Andrea: Hey it's not that bad.

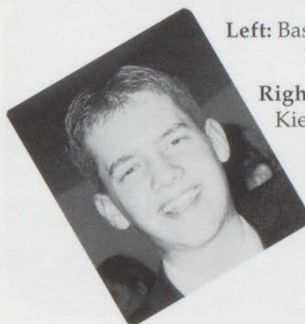

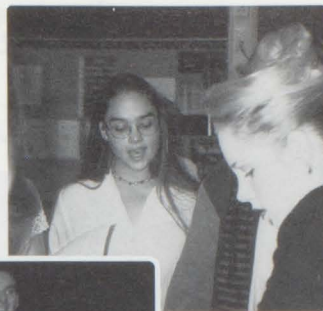

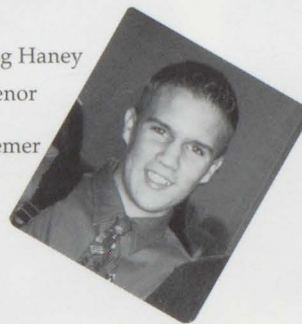

Above: Can't you see them on the top of the charts?  
Below: First Sopranos Jayme Randolph and Brooke Barnum try to out sing each other, but Jayme sure has a singing face.

## Sings with Support!

Never before has MHS seen a choir with such pride and determination in their singing. The 1998-99 school year brought a new Show Choir called ConBrio. ConBrio coming from the latin interpratation meaning to sing with vigor and spirt. This group is the definition to the core. ConBrio members learned to blend harmonies and practice under pressure, making them become one big family with a little life support. As a family, members had learned to adjust to many changes including members leaving the group and having to re-learn other people's parts. ConBrio is an extra-curricular activity and, in a way, it is also a community service program. The group has performed while helping the March of Dimes and many other organizations. Tenor Keith Priemer said "ConBrio has taught me a lot about life's ups and downs and its demanding responsibilities.

This year's all school musical "Crazy For You" was a huge success. With only having two months instead of the original three the entire cast pulled together in the last two weeks. Because of minor difficulties and a recast the cast had to rearrange their parts to fit the show. If it hadn't been for the patience and determination of the directors, "Crazy For You" would have just been "CRAZY!"

All that hard work during practice at CMU band camp sure did pay off! Their formation looks almost perfect!

A group of sax and flute players are trying their best play with perfect intonation, but it is a little hard considering the heat.

What school spirit! A group of spirited band members show their excitement during the school's first pep assembly.

Have you ever woke up at 7am to some loud and powerful music? No, it's not your alarm, or your noisy neighbors, it's the Marysville Viking Regiment playing with power and marching with pride! Even at 7am on a cool autumn morning these dedicated musicians practiced the songs they performed during the Friday night football games. This year they competed with songs from the Broadway production Les Misérables. The band also hosted the MSBOA competition at home and received a division #1 rating which was not unusual since the band has done so very well in previous competitions. Congratulations on a spectacular year!

Drum Majors K. Kwiatkowski, R. Huysentruyt and N. Landschoot look so serious, but you know underneath they are trying not to laugh at the crowd making faces.

Kristi Schmitt and Candi Johnson chill out before performing their stressful trio at a band competition.

Above: Remember Saturday? Spectrum tries to practice on a cool fall day, but all they could do is play in Amy Andrew's woods.

Have you ever thought what the band would be like with out Spectrum? It would be kind of fun to watch, but we wouldn't have the color and beautiful choreography! This group of talented girls set the mood for the band. They have helped them reach their goals in many competetions. Spectrum was truly a huge part of the band. Thanks for a fantastic year!

## Preview of "Here Come The Brides"

What will happen when a completely likeable, perfectly normal, young bachelor Jimmy Took needs a wife in a hurry to prove to Uncle Dan that his monthly checks for the support of Jimmy's non-existent bride have been justified? The problem is when he, Bill Thompson, and Bill's Aunt Ellen get Uncle Dan's telegram that he and his ward Peggy, are bringing the monthly check in person, so that they can meet the new bride. Through Jimmy's misguided scheming, three initiation brides appear--two of them men dressed as women, and the other is his sweetheart Madge? But this is only the beginning, for Peggy wants to see Bill, and Bill is one of the brides! And Aunt Ellen is definitely interested in Uncle Dan; but so are Mrs. Duvalle Smith and her sister! And who are the mysterious Lady Macbeth and hearty, jolly McDaniel, not to mention timid, nearsighted Mr. Oswald--an unsuspecting bill-collector, who is drafted as one of Jimmy's brides?

**Senior Class Play Cast and Crew of 1999 include:** *Cast:* Melanie Carson (Peggy Westfield), Eric Han (Bill Thompson), Georgia Leventis (Aunt Ellen Thompson), Jim Davis (Uncle Dan Took), Scott Peyerk (Jimmy Took), Matt Tiza (McDaniel), Jason Quaine (Mr. Oswald), Kristi Schmitt ("Bubbles" Duvalle), Amy Andrews (Mrs. Duvalle Smith), Kristen Baker (Madge Burns), Sue Miller (Lady Macbeth). *Crew:* Director Ms. Stevens, Student Director D.J. This was the first year for the freshmen girls' softball team. They worked hard and played together as a team. The girls began the season with little knowledge and experience of the game, but ended the season like true veterans! Their first win of their season was a mercy against Lanse Cruse 16-4. Coach Goodwin commented on how willingly the girls strived for their maximum potential. He was proud of their positive attitude and hard work. There were no real low points in the terrific season. Coach Goodwin proudly stated, "If I had a chance to take an undefeated team over the accomplishments of this year's team, I would turn it down for this year's team again."

The 1998 Lady Vikings Softball team created a remedy that helped players focus on the game. Ingredients included: a dug-out, a pitcher's net, a hand, and a cluttered mind. Directions were as follows: 1. After warm-ups, the team would proceed out to the bleachers. 2. They huddled, and yelled a team cheer. 3. One by one, they would slap either the pitcher's net (the boys' gluteus maximus) or the dug-out. 4. TA-DA- focused on the game!

Our wins were, for the most part, very close in score, but we seemed to do whatever it took to get a win. Coach Robinson and McCartney's pitching staff gave up less than one run per game and our defense made key plays game after game to put us on top."

"I'm gonna beat you all".  
Andy Vynke takes off from  
the finish line.

The cross country had a very successful season this year. The dedication and time that the team put in during the off season really paid off. Even though they ran as individuals, their team effort was wonderful. They all pushed each other in practice and in meets to get the best out of everyone. This year the cross country team put Marysville on the map with their performance.

Who's gonna get there  
first? Renee, Barbara,  
Lindi race for the finish  
line.

Kevin Fowler says "That's my ball and I didn't say you could play with it", to a St. Clair forward.

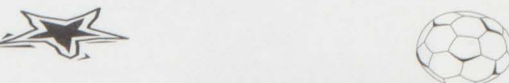

MMMM!! I think Dan Coppens is gonna score a goal!

Hey Pat Winzler, I thought you couldn't use your hands in soccer?

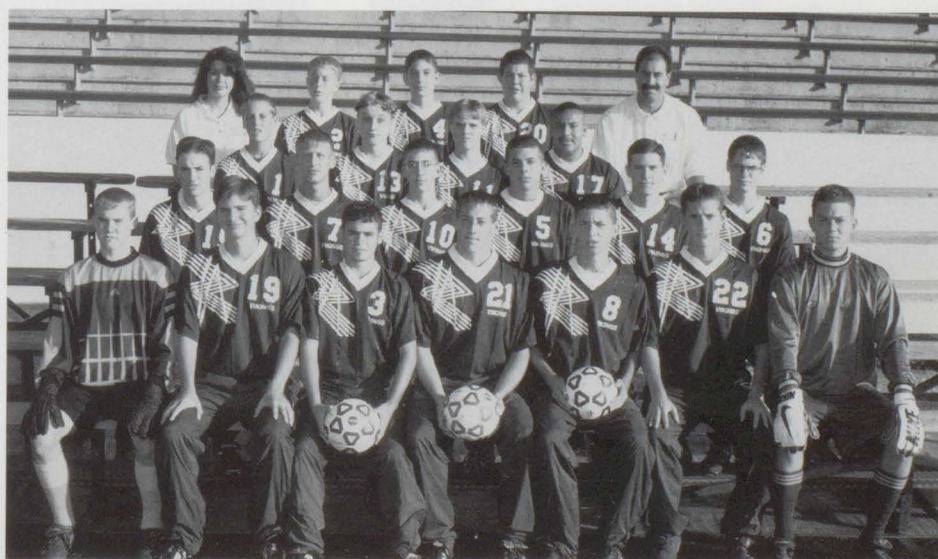

# SOCCER

We are family, I've got all my brothers with me!

This year's soccer team were fighters and gave 100% all the time. Their record did not show how good they really were. All of their games were very competitive and very close. The boys composed a league record of 2-10 and an overall record of 2-15-1.

Dan Coppens and Ryan Brown were named to the All-conference team. Their season ended with a well fought game against St. Clair in the districts. Throughout everything, they played with poise, came together as a team, and came out as winners.

**Front row:** Eric Schunk, Ross Wienert, Ryan Adams, Ryan Brown, Scott Coaster, Robert Lund, Jason Stringer. **2nd row:** Dan Coppens, Aaron Defouw, Tom Endean, Ben Pokriefka, Kevin Fowler, Zach Eagen. **3rd row:** Rat Winzler, Pat Watza, Mike Szokola, Victor Maul. **Back row:** Coach Wittenberg, Pat Egan, Kyle Taggart, Brian Bisnett, Coach George

This year was an extraordinary year for the golf team. They earned the honor of being the M.A.C. Gold Champs. They also broke a school record. The record was broken by scoring 151 points at an away match, which is an accomplishment because an away golf course is unfamiliar. They finished the season with a 10 and 4 record. There was a noticeable improvment in this year's golf team, and there was a definite chemistry between all the play-ers.

The Marysville girls' Varsity tennis team completed their best season in the school's history.

Moving up into Division 3 M.A.C. Blue, the girls went undefeated all season.

They captured the M.A.C. Tournament and their first Regional Championship.

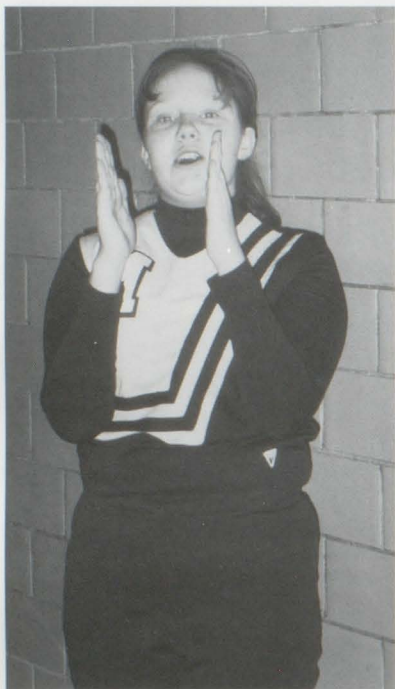

At State Finals they fought their way to 12th in the state.

This year's team captains Heather Quinlan and Jessica Letkiewicz helped motivate the team to accomplish all their goals.

## 4 THEIR OPPONENTS

At the beginning of the year there was no freshman cheer team. Basketball season was started with a whole new team, consisting of inexperienced cheerleaders as well as a brand new coach. Their goal was to learn the basics of cheerleading so it will be a little easier next year. They worked hard and it started to pay off.

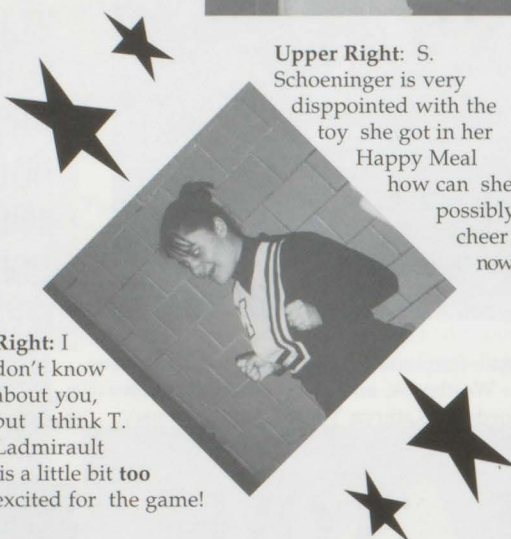

**Right:** "Yeah Blue Get 'Em! S-H-O-O-T for Two!!," screams Jessica Markel.  
**Left:** "Hey faaans! I can't heeear yoooo," Jenny Jackson yells trying to get the fans a little rowdy.

**Upper Right:** S. Schoeninger is very disappointed with the toy she got in her Happy Meal how can she possibly cheer now.

**Right:** I don't know about you, but I think T. Ladmirault is a little bit too excited for the game!

The 1999 Freshman Cheer Team includes, **Back:** Suzanne Schoeninger, Tiffany Ladmirault, Jenny Jackson, and Holly Wilson. **Front:** Jessica Markel, Alisha Runkle, and Grace Lupa.

## BUILDIN' THE BASICS AND MOVIN' UP

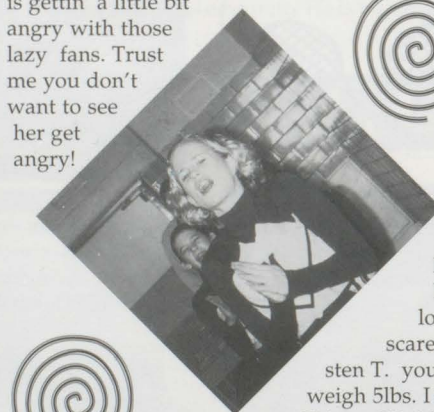

The 1999 Junior Varsity Cheer Team includes, **Top:** Jessica Elworthy, Natalie McKeand, Erin Davis, and Heather Frizzle. **Middle:** Jennifer Gourlay, Sarah Fiedler, Kristen Wingard, and Courtney Badley. **Front:** Amber Bechtel, Kristen Turnbull, and Sheyna Evans.

This year's Junior Varsity Cheer Team had a lot of new comers. The team had to build a trust and friendship for the new year. They had a slow start with team problems but over came it all. Their coach worked them to a "T". It shows. Look how buff they all are!

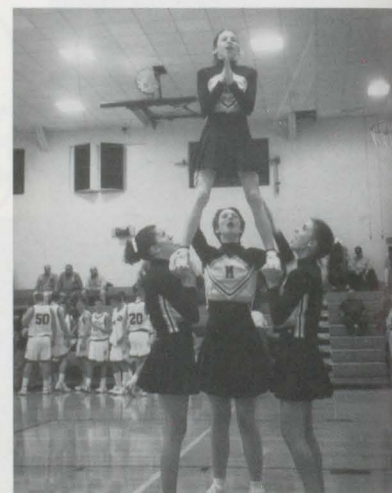

**Right:** "Go Cheerleaders you RULE!!," states Jennifer Gourlay. She'll fight for what she believes.

**Far Right:** It's simply Magic! Don't you wonder how long it took Erin Davis to realize she can levitate herself.

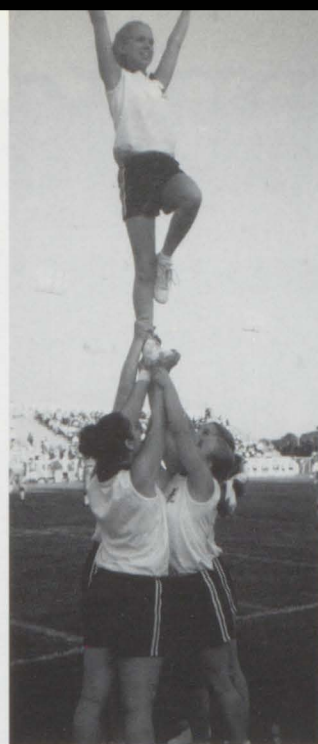

**Right:** Courtney Badley is gettin' a little bit angry with those lazy fans. Trust me you don't want to see her get angry!

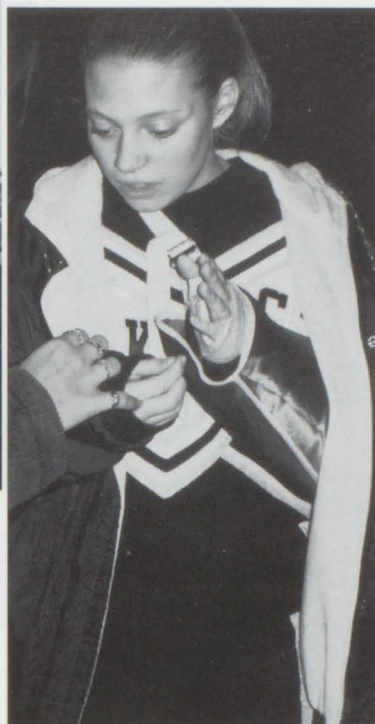

**Right:** Don't look so scared Kristen T. you only weigh 5lbs. I think Kristen W., Natalie M., and Heather F. can handle it.

Left: "Hey, this up on one foot thing isn't that bad," thinks Christie Arendt as Georgia Leventis and Kristi Schmitt hold her steady.

Right: D. Wright screams, "Ouch! That hurts, don't touch it". Below: Life is grand when you meet the right people. That's what K. Schmitt, C. Arendt, T. Biewer, S. Hendrick, and K. Baldwin seem to think

This year's 1999 Competitive Cheer Team includes, Top: Amber Cook, Candi Johnson, Georgia Leventis, Coach Laura Breidenich, Melinda Swartz, and Aubrey Likins. Middle: Shanna Hendrick, Erin Baker, Cathy Corbat, Jaime Lepine, Melissa McShane, and Tracy Biewer. Front: Karrie Baldwin, Christie Arendt, Danielle Wright, Kristin Day, and Kristi Schmitt.

Below: "Kristin Day needs to fly. Lots of power!", says C. Johnson to A. Likins. Ready 1-2!!

This year's competitive Cheer team had a whole new look at things. This was the year they knew they could go for it all. Even with a person missing and only two judges, they were still back-to-back M.A.C. champs, winning by 26 points. Not every competition was left with a first place trophy though. The cheer team chose a path with more difficult competition. They competed many times against teams such as the 1998 State Champion and Runner-Up, left behind with only a few measly points. This new direction got them to the State Finals after winning the Regional competition, held at St. Clair. The Marysville Varsity Cheer team is now the third best team in the state.

**CONGRATULATIONS! !**

# GREAT NEW BEGINNINGS

Above: "We are so excited to be performing for this crowd of people". Valhallas rock the gym with their cute Janet Jackson moves, and enthusiastic smiles.

This year the Valhallas were composed of all sophomores and freshmen. Most people would think that a team made up of girls with no more than one year of experience would not be strong in the confidence area. But as the pictures show, they were not afraid to give their all to the audience. They displayed that they were an enthusiastic team. They had a very exciting season and proved to be a great team.

They even did things that have never been done by the Valhallas in the past. When they did Michael Jackson's Thriller, they all dressed like dead people. This certainly was not an average dance routine.

Below: (Captain) Katie Deloy is "thrilling" the audience with her Michael Jackson moves in the Valhallas rendition of Thriller.

The freshmen girls' basketball team compiled a record of 17-2. They worked well as a team, and had a lot of fun in doing so. The team had many talents and all contributed to the winning season. The team pulled off close wins over St. Clair and Richmond. After a one point loss to Northern in the first round, the girls fought hard and came back to beat the huskies in the second round by seven points. That just goes to show what type of athletes were on the team and that Marysville girls' basketball has a future.

Mary rises above the rest to get a shot off against S.C..

## J.V. Basketball

# Gots Next!

This year's J.V. girls basketball team compiled a record of 16-4. They all worked extremely well together and knew what it took to put up a winning record. The team was like one big family and stuck together when things weren't right, yet had a good time when nothing could go wrong. They really defined team unity. Their best games of the whole season were against Marine City and Richmond. Both teams were evenly matched, and nothing but tough basketball was played. These girls should be proud of what they accomplished this season.

And 1, as Jenny drives to the basket.

Now get out there and show us how it's done!

"Show me what you can do," Casey says as she plays good defense.

The team made it to the regional finals and were second place in the M.A.C. silver division. Their best game was against Marine City, in which the outcome was a two point difference. Determination is the perfect word to describe this year's girls' swim team. Regina came to Marysville with the idea that they would easily beat MHS. Regina was ahead the entire first half of the meet, but Marysville didn't give up, and they pulled 4 points ahead to win the meet.

Marysville ended their season as second in their division. At the Marine City relay meet, the St. Clair relay meet and the division meet, Marysville finished second out of six teams behind St. Clair.

This Year's Boys' Swim Team had a great season. For the first time in many years they beat St. Clair. This was suprizing because Marysville has so many new un-experienced swimmers. They also started the season with a new coach, Jay Schultz. He was a Marysville High School graduate and former Viking swimmer. This was his first year coaching a High School team, but he showed that he was a coach with much potential.

After going more than a decade without a league title, the Vikings accomplished that feat this year. This is usually very difficult because of the points they lose from not having divers.

Below: Brandon Eagen and Andy Ward are getting ready to throw Dave Doan back in the pool, because he is a fish out of water.

**Mr. Thomas Hadden**

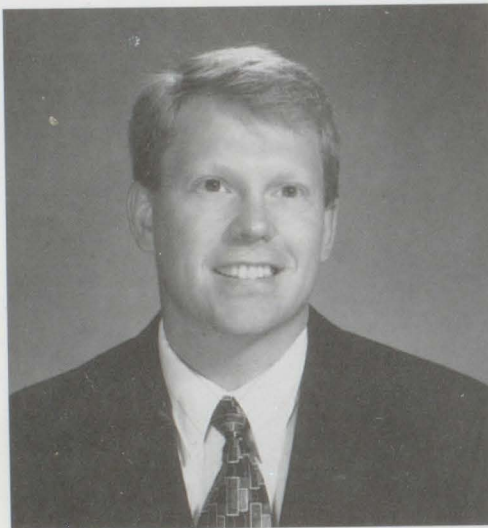

Administration is very vital to a school. Marysville High School owes a lot to Mr. Hadden, Mr. Farnsworth, and Mr. Venia. Their dedication and time is much appreciated. Even though the student body doesn't always agree with their ways... they do it for the sake of bettering our school.

Mr George is overwhelmed with all the support from friends and family who golfed in the George family outing.

From broken hearts to broken bones the Marysville staff did it all. The 1998-1999 school year brought us a new member. We would like to welcome Mrs. Kathy Bladow. # Running the School From Behind the Desk

Mrs. Hill is all smiles because she knows how much the high school appreciates her filling in for Mrs. Morenko.

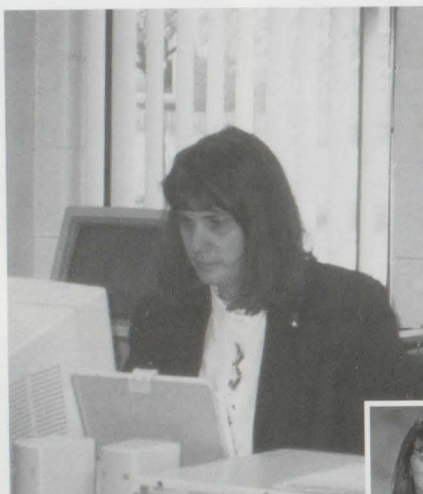

The Secretaries' job is one that is very hard yet not that recognized. Nobody really understands how hard it really is being a secretary. Think about it, how many people are absent, late, or are away on school business daily. The secretaries have to keep track of all those people as well as the people coming and going throughout the day. If it weren't for the secretaries taking care of us the school would be a lot less organized and full of chaos. We students didn't fully understand how hard it was for them to be able to do five different things at once, but they did it and did a magnificent job!

Smile! Mrs. Morenko is relieved she's finally done with the sports schedule.

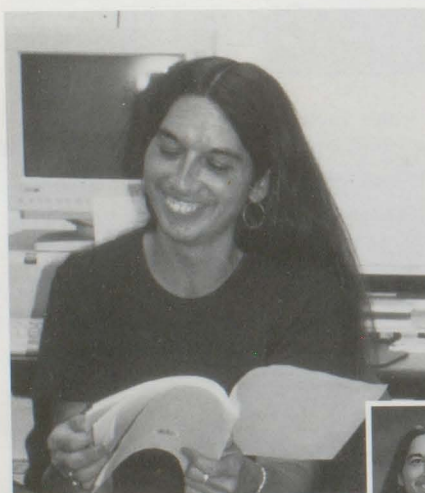

"Hey, get back to work! Mrs. Gorinac laughs because she's caught trying to take a break.

Mrs. Hrisca is in a deep state of concentration doing last minute changes on report cards.

"Huh, who's there", Mrs. Giamportone says the bookstore can be a scary place when you work there all alone.

Mrs. Thomas laughs hysterically at a short story a student wrote.

Out of all that she does in one day, even the great Mrs. Schmorow gets confused once in a while.

"What! Mrs. Lindke can't believe the amount of days the students have been absent this year.

# COOKS, CUSTODIANS, & BUS DRIVERS

**Cooks-** Carrie Ureel, Jan Larese, Connie McCartney, Carol Dudd and Barb McPherson hurry up and cook the days meal because they know that before long a swarm of hungry students will charge into the lunch room.

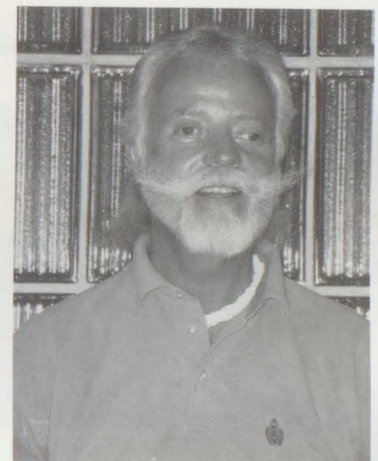

During her busy schedule Tina Tallman has time to order a few cases of next week lunches.

We would like to send out a special **Thanks** to all of these people. They do an excellent job and go above and beyond their duties! So thanks for all those great meals, clean classrooms, rides to wherever, and much, much more! We wouldn't get through the school year without you.

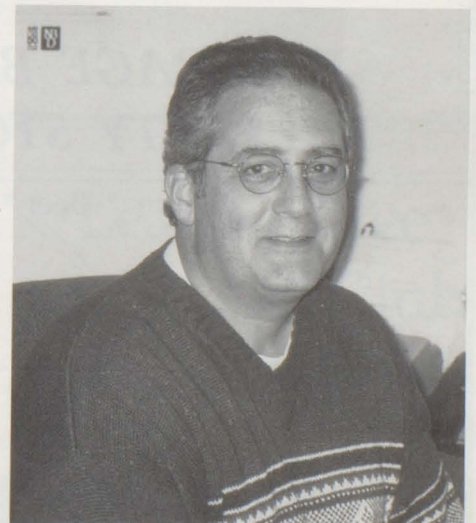

Waiting for the bell to ring...Mary Lou Knowles, Jim Parrish and Judy Moretz wait for the students to shuffle out of the hall so they can start their day's work!

**Custodian:** Mr Harkelroad

The only way to block out the noise is to find a good tune believes Brooke Barnum.

## IS "OUR" BOOK!

**YEARBOOK!** Without the help of these people, there would not be the uniform memories for all to share. They worked--hardly (at times), but knew that the entire student population relied upon their getting the job done.

**DEADLINE** is a nasty word. One important aspect all yearbook staff can tell is that procrastination does not do well for the mind. The stress makes the tempers fly; but, when it's over, the pride sets in and they knew it was "ours"! Thank you to all who supported us throughout the year, especially to those who made our job easier. We hope these will be memories you will be able to treasure again and again.

Mrs. Hay

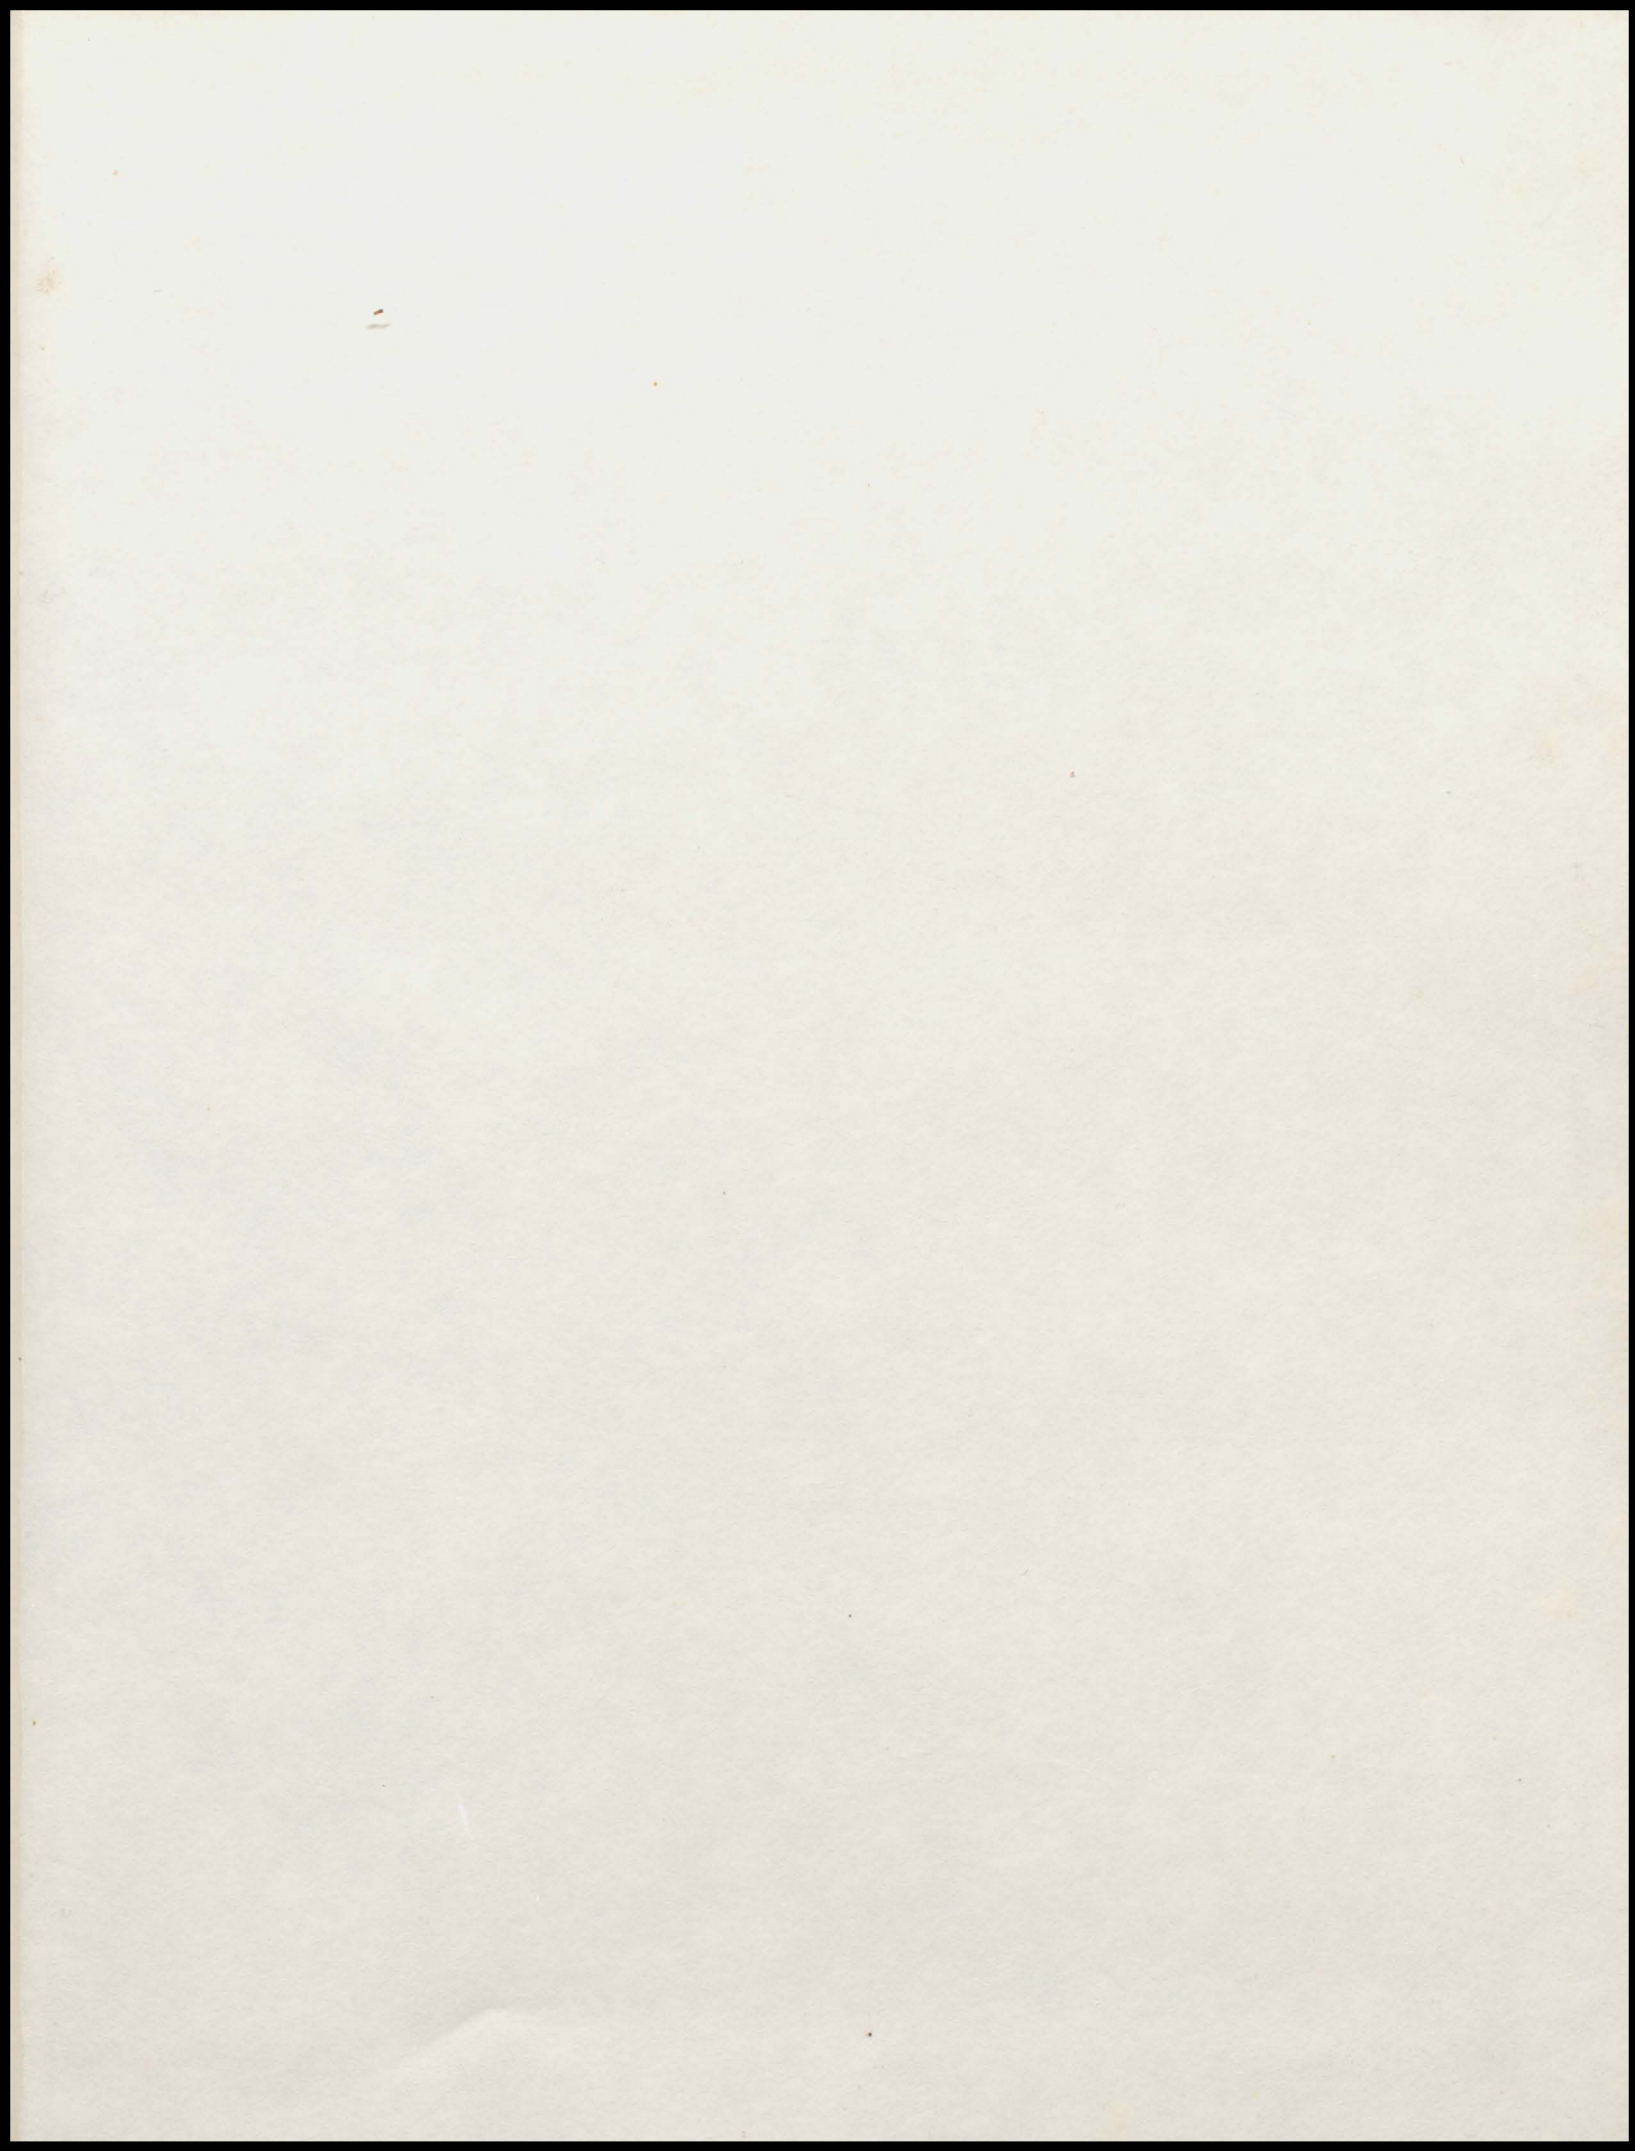

Lost in thought and lost in time  
While the seeds of life and the seeds of  
change were planted  
Outside the rain fell dark and slow  
While I pondered on this dangerous but  
irresistable pasttime  
I took a heavenly ride through our si-  
lence  
I knew the moment had arrived  
For killing the past and coming back to  
life

I took a heavenly ride through our si-  
lence  
I knew the waiting had begun  
And headed straight... into the shining  
sun
